

# Paper model train

crosscountry 

## You will need:

- An adult to help cut out the model
- Scissors
- Ruler
- Glue stick or sticky tape

## Instructions

1. Carefully cut out the train following the solid black line (the dotted lines are for folding).
2. Use a ruler to fold along each dotted line. The ruler helps you get a strong, sharp fold.
3. Apply glue or sticky tape to the tabs and carefully press each of them to secure the folds in place.
4. Once the glue has dried, you can apply the stickers to the train.
